

CALIFORNIA LEGISLATURE—2025-2026 SIMULATION SESSION

SENATE BILL

NO 48

Introduced by Senator John Laird

October 1, 2025

An act to add Section 51500 to the Government Code, relating to affordable housing.

LEGISLATIVE COUNSEL’S DIGEST

SB 48, as introduced, Laird.

Existing law authorizes the Department of Housing and Community Development to administer housing programs, including funding for construction and rehabilitation of housing for people who are homeless or at risk of being homeless. Existing law does not provide support for low to middle income households struggling with housing affordability.

This bill establishes the Housing Innovation Program. The Housing Innovation Program (HIP) would provide competitive grants to organizations that renovate vacant buildings into affordable housing for low- and middle-income households. The Department of Housing and Community Development will be responsible for the implementation, with an appropriation of \$20,000,000.
